From this next page you can access the CROWNWeb, QARMs and QIP websites, but you must first switch to the one you want by clicking on “User Profile”.

Note: you can always tell which program you are in by looking just below your name. As you can see, I'm currently logged in as a Network 12 user in CROWNWeb. For facility users, it will show the facility name and the system such as "Dialysis Unit of the Midwest – CROWNWeb".

After clicking on “User Preferences” click on the “Organization Switch” tab.

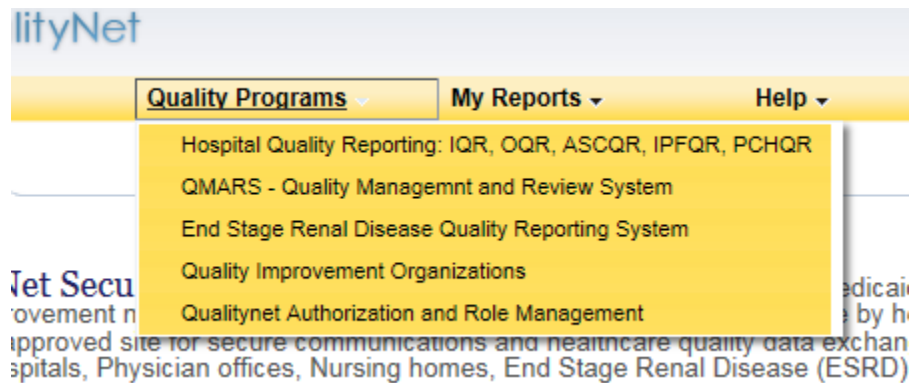

Accessing your PSR (Performance Score Report)

In the above screen, click on Change Program and always select EQRS then wait a few seconds for the screen to refresh and click on Change Organization. You will be able to switch to any program you have roles for such as CROWNWeb, QIP or QARM Org Security if you are the facility SO (Security Official).

Select the entry that says **OIP**, and click on "Update". Then click "Yes" to confirm you are switching.

YOU ARE NOW IN THE QIP WEBSITE!

Click on "Quality Programs" and then "End Stage Renal Disease Quality Reporting System " (EQRS).

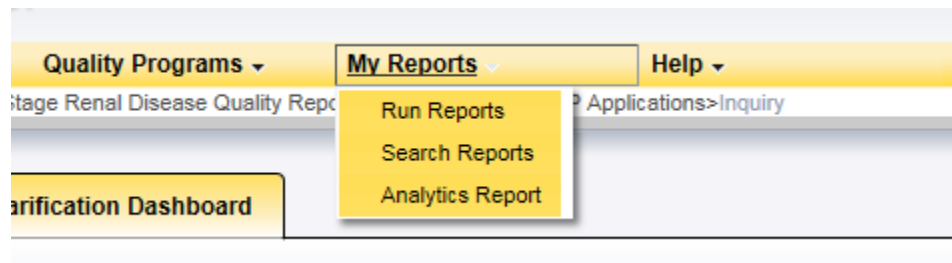

You will see this screen below if you have access to QIP. Click on the word "Inquiry".

You may see an Inquiry Dashboard, screens may differ a little between Network User and facility users. You can enter your questions or formal inquiries here. **Remember, you are allowed only one formal inquiry, so make sure all your issues are in that one formal inquiry.**

To download your PSR click on the "My Reports" menu and then "Run Reports".

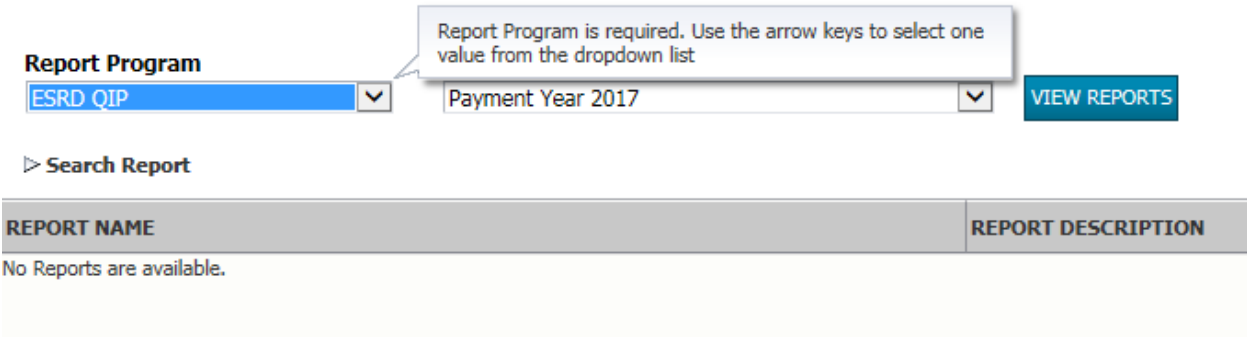

Accessing your PSR (Performance Score Report)

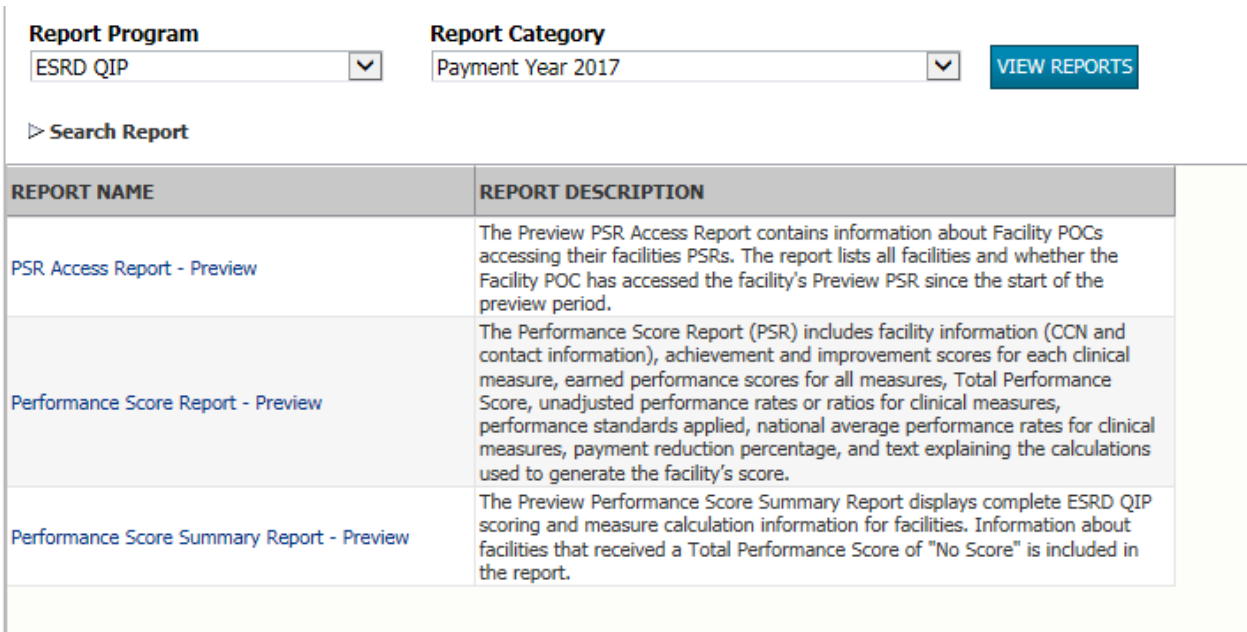

Click on “Run Reports” again in the “I’d like to...” section.

Accept the default choices and click on “View Reports” button.

Your results may look slightly different than a Network user, but something like below...

Accessing your PSR (Performance Score Report)

Click on “Performance Score Report – Preview” (this may change to Performance Score Report – Final later in the year). Fill in the drop down boxes for each choice to filter down to your specific facility keeping in mind that you might have access to several facilities that you oversee. You can only do one at a time.
