

TRANSPLANT

*Professional
Education*

Although successful kidney transplants may provide a better quality of life than dialysis, transplant recipients may still have CKD.

Best Practices in Managing Adverse Events Related to Immunosuppressive Therapy

12-10-3013

Laminated Fold-Out Tool

10 panels, full color, 5.25" x 8.5"

\$5.00—Member Price (Save \$2!)

\$7.00—Non-Member Price

For Transplant

This sturdy fold-out tool addresses important information about the impact of immunosuppressant therapy following kidney transplantation from the perspective of the clinicians who are managing the many other “non-transplant” specific aspects of care of the transplant recipient.

Improving Outcomes for Kidney Transplant Recipients

12-10-3004

Laminated Fold-Out Tool

10 panels, full color, 5.375" x 8.5"

\$5.00—Member Price (Save \$2!)

\$7.00—Non-Member Price

For Transplant

This resource addresses important information about the impact of immunosuppressant therapy following kidney transplantation from the perspective of transplant clinicians.

Life After Kidney Transplant: Are You Ready?

12-10-3007

Tear-Off Pad

50 pages, full color, 8.5" x 11"

\$5.00 per 10—Member Price (Save \$3!)

\$8.00 per 10—Non-Member Price

For Transplant

This tear-off pad is designed for professionals to administer to patients upon discharge from the hospital. The checklist will help ensure that kidney transplant recipients have the information necessary to continue with their recovery and be aware of future potential adverse events such as cardiovascular disease, infection and cancer.

Clinical Handbook for Bone Metabolism and Disease in Kidney Transplant

12-50-2204

Booklet

24 pages, 3 color, 5.1875" x 8.25"

\$8.00—Member Price (Save \$4!)

\$12.00—Non-Member Price

For Transplant

Use this resource for easy cross-referencing when dealing with disturbances in mineral and bone metabolism. Based on the KDOQI *Clinical Practice Guidelines for Bone Metabolism and Disease in Chronic Kidney Disease*, this booklet highlights key information and guideline statements related to care of transplant patients.

Clinical Handbook on Management of Anemia in Non-Dialysis Dependent CKD

12-50-2503

Booklet

40 pages, 2 color, 5.375" x 8.5"

\$8.00—Member Price (Save \$4!)

\$12.00—Non-Member Price

For Stages 1–4, 5 Not on Dialysis, Transplant

This booklet outlines the KDOQI *Clinical Practice Guidelines and Clinical Practice Recommendations for Anemia in CKD (2006)* and the KDOQI *Clinical Practice Guidelines and Clinical Practice Recommendations for Anemia in CKD: 2007 Update of Hemoglobin Target*, as they pertain to patients with CKD stages 1–4, and those in stage 5 not on dialysis.

Cancer Risk After Organ Transplantation: A Report to Transplant Professionals on Recipients' Knowledge, Awareness of Risk and Preventive Actions Related to Malignancy

12-10-0645

Booklet

28 pages, full color, 6" x 9"

\$5.00—Member Price (Save \$3!)

\$8.00—Non-Member Price

For Transplant

Presents a summary of findings about cancer risk after organ transplantation from a comprehensive, quantitative transplant education survey of patients across the United States, the second of its kind, conducted in April 2006. Includes recommendations for improved patient teaching about this potential complication based on the findings.

Approximately 70 percent of all organ transplants are kidney transplants.

Clinical Practice Guidelines for Managing Dyslipidemias: Kidney Transplant

12-50-2105

Booklet

40 pages, full color, 5.3125" x 8.25"

\$8.00—Member Price (Save \$4!)

\$12.00—Non-Member Price

For Transplant

This compact quick reference clinical handbook helps physicians and clinicians such as nurses, dietitians and social workers integrate the KDOQI *Clinical Practice Guidelines for Managing Dyslipidemias*, as they apply to kidney transplant recipients, in the patient care process.

Managing Dyslipidemias in Kidney Transplant Recipients

12-50-0171

Laminated Fold-Out Tool

8 panels, full color, 4.5" x 6.625"

\$5.00—Member Price (Save \$2!)

\$7.00—Non-Member Price

For Transplant

This sturdy tool provides quick referencing to key information, charts and algorithms pertinent to transplant from the KDOQI dyslipidemias clinical practice guidelines.

Taking Care of Yourself After Kidney Transplantation Know Your GFR and Stage of Kidney Disease

12-10-2101

Bilingual Wall Chart

2-sided (one for English, one for Spanish), full color, 36" x 24"

\$14.00—Member Price (Save \$6!)

\$20.00—Non-Member Price

For Transplant

This poster educates kidney transplant patients about GFR and the importance about knowing their number. It features the plan for CKD risk reduction and care by stages of CKD for kidney transplant recipients, which incorporates a "T" to indicate a kidney transplant. Includes the importance of medication adherence/compliance, warning signs of acute rejection, and the importance of sharing information and asking questions of members of the transplant health care team. English language is on one side of this colorful wall chart and Spanish language is on the other.

Transplant Recipients' Bill of Rights and Responsibilities

11-70-0655

Poster

2 color, 16" x 25"

\$5.00—Member Price (Save \$2!)

\$7.00—Non-Member Price

For Transplant

The NKF transAction Council, together with 14 other transplant organizations, worked together to develop this poster for transplant recipients and professionals. It provides suggestions and information about how transplant recipients can effectively work with transplant health care professionals to receive the care they need. A booklet on this topic is also available [11-70-0654].

▷▷ [See transplant-related CME/CE activities on page 80.](#)

Over 100,000 people have kidney transplants, the most common type of transplant performed in the United States.

CLINICAL TREATMENTS KEEP CHANGING

Keep up with it all through NKF professional education resources and tools. Available now at www.kidney.org/store

TRANSPLANT

Patient Education

Give your transplant patients and their loved ones helpful, sensitive literature on the subject of transplantation for better understanding and awareness. Remind your patients that they can also request a complimentary copy from the NKF.

Kidney Transplant

11-10-0304
Brochure
12 pages, 3 color, 3.75" x 8.5"
\$26.00 per 100—Member Price (Save \$9!)
\$35.00 per 100—Non-Member Price
For Transplant

The brochure answers common questions about kidney transplantation, such as patient expectations, drug therapy and complications, including rejection and recovery.

Nutrition and Transplantation

11-10-0404
Brochure
10 panels, 2 color, 3.75" x 8.5"
\$26.00 per 100—Member Price (Save \$9!)
\$35.00 per 100—Non-Member Price
For Transplant

This pamphlet provides a general overview of nutrition after transplantation and the effects of transplant medication on diet, protein, carbohydrates, cholesterol, potassium and diabetes.

From Illness to Wellness: Life After Transplant

11-70-0657
Book
58 pages, 2 color, 5.5" x 8.5"
\$3.00—Member Price (Save \$2!)
\$5.00—Non-Member Price
For Transplant

This book is full of practical tips and provides emotional support for recipients who are adjusting to a newfound wellness after transplant. Topics of interest include employment, family matters, pregnancy, insurance and more.

Bone Health and Kidney Transplant

11-50-2208
Booklet
16 pages, 3 color, 5.5" x 8.5"
\$26.00 per 50—Member Price (Save \$9!)
\$35.00 per 50—Non-Member Price
For Transplant

This booklet explains the impact of a kidney transplant on bone and mineral metabolism. Includes facts about bone disease, dietary recommendations and information on how to maintain bone health.

Available in Spanish 11-50-2208

Reducing Cancer Risk After Transplantation

11-70-0653
Booklet
12 pages, 3 color, 5.5" x 8.5"
\$22.00 per 50—Member Price (Save \$8!)
\$30.00 per 50—Non-Member Price
For Stage 5, Transplant

Describes the reasons for post-transplant cancer risk and outlines signs and symptoms, as well as preventive actions patients can take to reduce their risk.

New Onset Diabetes: A Guide for Kidney Transplant Recipients

11-70-0658
Booklet
32 pages, 2 color, 5.5" x 8.5"
\$26.00 per 50—Member Price (Save \$9!)
\$35.00 per 50—Non-Member Price
For Transplant

Explains how transplant recipients can delay, minimize or possibly prevent the risk of new onset diabetes by implementing lifestyle changes and talking with their doctor about risk factors and medications.

Living Well on Immunosuppressant Medicines: What Can Help

11-10-0107

Booklet

36 pages, 3 color, 5.5" x 8.5"

\$29.00 per 50—Member Price (Save \$6!)

\$35.00 per 50—Non-Member Price

For Transplant

Explains the effects of immunosuppressant medicines following organ transplantation on physical and emotional health, as well as other important aspects of life. Transplant recipients share their experiences using these medicines and tell how they cope.

Keeping Your Heart Healthy When You Have a Kidney Transplant: What You Should Know About Lipids

11-50-2108

Booklet

24 pages, 3 color, 5.5" x 8.5"

\$26.00 per 50—Member Price (Save \$9!)

\$35.00 per 50—Non-Member Price

For Transplant

This booklet offers simple tips on how to reduce risk for heart disease by maintaining healthy blood lipid levels. It is based on the KDOQI *Clinical Practice Guidelines for Managing Dyslipidemias* as they apply to transplant recipient care.

Available in Spanish 11-50-2108

Waiting for a Transplant

11-70-0656

Book

62 pages, 2 color, 5.5" x 8.5"

\$3.00—Member Price (Save \$2!)

\$5.00—Non-Member Price

For Stage 5, Transplant

Written by transplant recipients and candidates. Provides emotional support and practical tips for candidates about how

to survive the wait for a donor organ. Also includes a section on living donation, as well as a discussion about the tough question, "What if the organ never comes?"

Life After Transplant: Your Guide to Staying Healthy After Kidney Transplantation

11-10-3012

Booklet

24 pages, full color, 11" x 7"

\$5.00 per 10—Member Price (Save \$3!)

\$8.00 per 10—Non-Member Price

For Transplant

This attractive booklet is designed for kidney transplant recipients upon discharge, helping clinicians ensure that patients are adequately prepared for life after transplant.

Transplant Recipients' Bill of Rights and Responsibilities

11-70-0654

Booklet

12 pages, 2 color, 5.5" x 8.5"

\$33.00 per 100—Member Price (Save \$12!)

\$45.00 per 100—Non-Member Price

For Transplant

The NKF transAction Council, together with 14 other transplant organizations, worked together to develop this booklet for transplant recipients and professionals. It provides suggestions and information about how transplant recipients can effectively work with transplant health care professionals to receive the care they need. A companion poster to this booklet is also available [11-70-0655].
